WHAT IS ASB **THRIVE!**?

ASB **Thrive!** for middle school girls meets on early release **Wednesdays** from late November until May offering a variety of awesome confidence- and friendship-building afterschool activities. Adult volunteers and college students work in teams to lead homework or "special interest group" sessions followed by lessons involving cooking, arts & crafts, STEM, small group communication, exercise, dance, nutrition or community service. Field trips and/or reaching out to others in need make for a wonderful weekday program that provides life-changing relationships for all!

Not available on Wednesdays? Or—are you interested in working with elementary girls (4/5 grade) led by high school girls on Mon Thurs? Ask about serving with **"Club ASB"** with one of the local elementary school programs.

To apply contact **Charlene Schulz 541 390-3046** afterschoolbuddies@gmail.com
